

Template for a 75 minute class period

Wednesdays 3:30pm - 4:45pm

- 5 min: Welcome, what's on your mind, prayer
- 5 min: Classmate get to know you
- 10 min discussion on pre-class reading (expect cold calling)
- 20 min: Product demos from 2-3 teams
- 35 min: New Product Management Topics

Today

1. What's on your mind. Prayer. (5 min)
2. 2 Mendix demos (~5 min each)
3. What did you learn from readings?
 - a. What are all of the ways you can segment potential customers? Provide and example for each way.
 - b. When and why are Persona's helpful?
 - c. When do Persona's go wrong?
4. Importance vs Satisfaction
 - a. User needs, wants, benefits, jobs to be done
 - b. Sample size of 0 (your initial hypothesis)
 - c. Sample size of 1 (qualitative interview)
 - d. Sample size of N (surveys)

DEFINING JOBS-TO-BE-DONE

“People don't want to buy a quarter-inch drill...”

...they want a quarter-inch hole!”

- Theodore Levitt

Maslow's Hierarchy of Human Needs

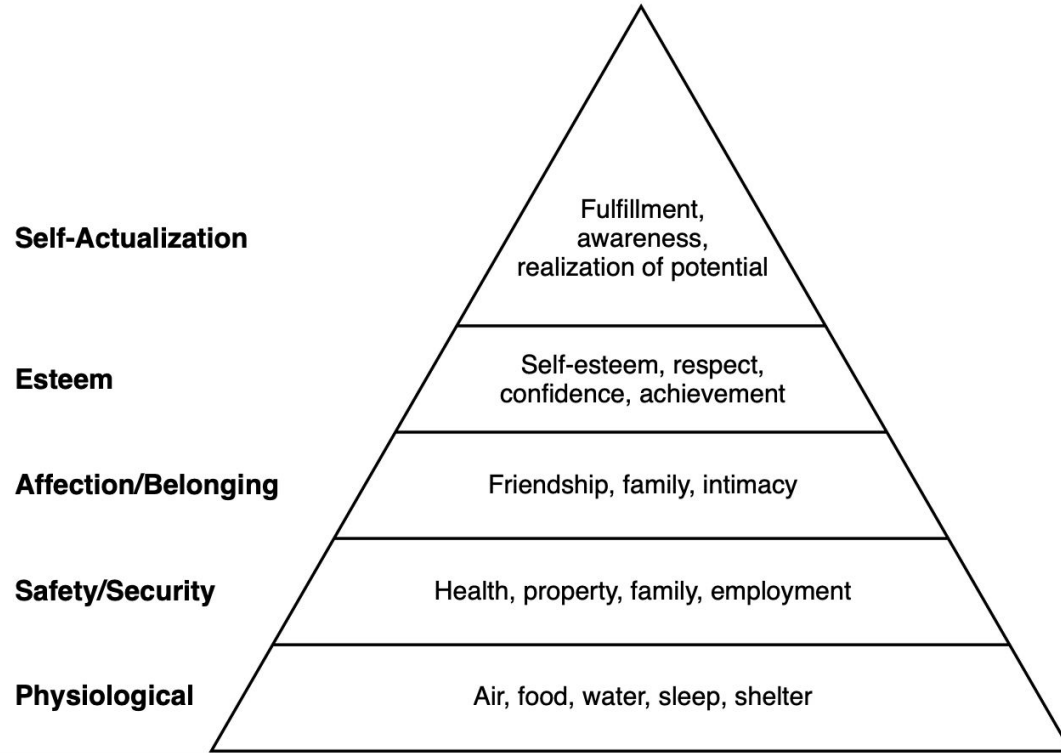

Figure 4.1, Lean Product Playbook

Example of Jobs-to-be-done

EMOTIONAL

“Help me feel”

“Help our patients feel less anxious about their scans.”

“Help us reduce the stress our healthcare providers feel when dealing with anxious or traumatized patients.”

SOCIAL

“Help me seem”

“Help us seem like we offer the highest quality healthcare experience by paying attention to the emotional well being of our patients.”

FUNCTIONAL

“Help me do”

“Help us quickly get a good scan to diagnose the patient’s health issues.”

“Help us help our patients relax so we avoid the need to sedate our patients.”

Jobs-to-be Done

There are at least 30 ways to create value (jobs-to-be-done) for customers.

- **Emotional: Social Impact:** What value does it bring to society?
- **Emotional: Life changing:** How does it change my life? ^S
- **Emotional:** How does it make me feel?
- **Functional:** What does it do for me?

Companies that deliver multiple elements of value to customers experience better business performance.

DEMOGRAPHICS

Name, Age, Location, Title, etc.

Name: Amanda Ritchins (and Gemma—newborn girl)

Location: San Jose, CA

Company: Mid-sized manufacturing company

Job Title / Role: Client Director, manages key relationships with large, high-priority customers; Wife; First-time Mother

CUSTOMER IMMERSION NOTES

Capture key details from your Customer Immersion activities here.

- Amanda is a first time mother, has been married for 5 years and is mid-career as a sales manager. She and her husband work full-time and her mother-in-law watches Gemma during weekdays
- She and her sister were raised by a single father, so she grew up without a mother
- When she gets worried or wants to learn more about how to care for Gemma she dives into the Internet, looking at forums, maternal care websites, Facebook groups, etc. and then approaches her doctor with that information
- She worries about SIDs and other potential health issues that her daughter might have, along with the day-to-day care of her child

PAIN POINTS & INSIGHTS

What is your persona frustrated or struggling with? What insights do you have into their lives?

- “Because I’m a first-time mother, I often feel really anxious or insecure about my ability to take care of this child. ‘What if I’m doing something wrong?’”
- “I feel like my mother-in-law is so well put together and must have been an amazing mother to her children, and as her first grandchild she’s very engaged with the baby’s wellbeing—which is great, but also puts a lot of pressure on me”
- “My husband and I both work, so it’s been incredibly busy managing both of our work responsibilities along with the arrival of Gemma. I took a few weeks off, but wanted to jump right back in to work, so it’s really important that we get a good night’s rest.”

JOBS-TO-BE-DONE

What is your persona trying to accomplish? “Help me to _____?”

Functional Jobs

- Help me to monitor my infant’s health from a distance
- Help me know immediately when there’s a potential issue
- Make alerts and notifications helpful and not obtrusive

Emotional Jobs

- Help me feel more confident as a first-time mother
- Help me feel there’s a second set of eyes watching my newborn
- Help me feel secure about my ability to take care of my baby

Social Jobs

- Help me show my mother-in-law there’s nothing to worry about
- Help me seem like a good mother to extended family and friends
- Help me to seem less anxious to my partner

POTENTIAL SOLUTIONS

What potential features, services, processes or other solutions come to mind as you identify jobs and pain points?

- Somehow identify, notify, and hopefully prevent accidents, health issues, or other problems with infants
- Give Amanda and her husband peace of mind as they sleep and while they’re at work
- Bring diagnostic technology out of the doctor’s office and into the home to help Amanda and Gemma
- Provide tips and best practices in an app or some format to help her care for her daughter

Customer Segment:

User Personas

The Busy Mom

Lisa Bennett

Age: 32
Gender: Female
Marital Status: Married
Education: Bachelor's degree
Job: Teacher
Income: \$55,000

“My children’s health is my top priority, but raising two kids is a full-time job, so I need an easy way to stay on top of their prescriptions and medical appointments.”

Lisa is an elementary school teacher. She lives with her hard-working husband Dave and their two children Addison (12) and Caleb (9). Because Dave often works late, Lisa is the primary caregiver to her children.

Although her children are generally healthy, they both have to take important prescriptions. Addison has asthma and must always have her inhaler by her side. Lisa worries that she might forget to refill a prescription for the inhaler and potentially put Addison in danger.

Life never stops for Lisa, and she rarely has a moment to herself. Therefore, she needs an easy way to keep track of her children’s prescriptions and medical appointments.

Goals

- Be reminded of children’s medical appointments
- Be able to keep track of children’s health info
- Have the ability to refill prescriptions easily

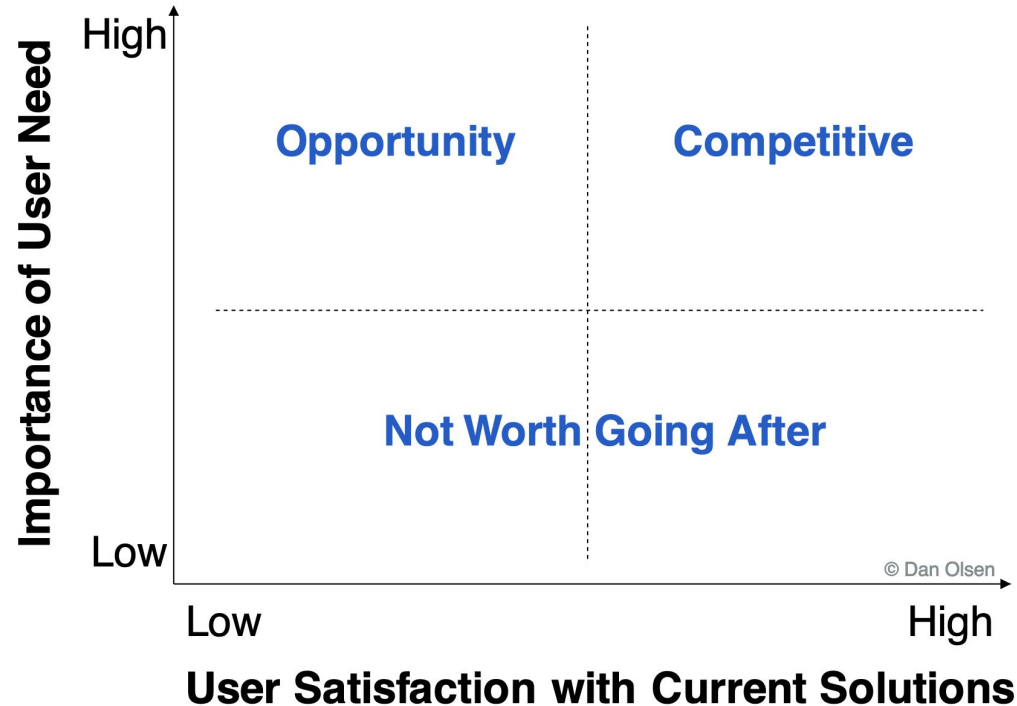

Technology Use

- Average
- Owns an iPhone
- Uses desktop PC
- Uses Facebook to keep up with family and friends

Interests

- Spending time with family
- Being involved with her children’s extracurricular activities
- Tennis

Importance versus satisfaction

Default Project

Other Project Options

- How can I know what events are happening?
 - Clubs page has some verison for club events
- How do I know if Strategy is the major for me?
 - Path exploration tool
 - Major, jobs, skills, etc.
 - Internships
- Automated grad plans
- Roommate and housing match app
 - Find my place (new app from BYU student)
- Other campus education and resources that are freely available but not known about
- Refined whenisgood.
- RA opportunities
- Social calendar sync
- Super app
- On-campus networking - professor
- On campus textbook exchange
- Areabook for students

To dos (submit on LearningSuite) before next class (Feb 5)

- ❑ Create a 1 page user persona (Submit file)
- ❑ Create and launch a survey (you will then have the following week to continue collecting responses and analyzing data) (Submit link to Google Survey)
- ❑ Complete Rapid Developer Certification Exam
- ❑ Read Chapter 4. Identify Underserved Customer Needs (Step 2) (30 pages)

Homework

Week #	Class Period Date	Pre-class Reading (book chapters unless hyperlinked)	# of pages	Pre-class Project Work	In Class Topics
4	Jan-29	3. Determine your Target Customers (Step 1)	12	Rapid Developer Certification Exam (Feb 5)	Customer discovery interviews; Customer personas, Survey design, Importance vs Satisfaction; Kano Model
5	Feb-5	4. Identify Underserved Customer Needs (Step 2)	30	Customer Persona(s); Launch Survey	Team demos of Customer personas; Value Prop, MVP Feature set

Product demos from 2-3 class members
